Languages Known: English, Marathi, Hindi

PROFILE SUMMARY

- Full Stack Developer with 2 years of experience in building responsive, high-performance web applications.
- Proficient in Python, JavaScript, React.js, .NET, SQL/PostgreSQL, and MongoDB. Skilled in front-end optimization, scalable backend systems, and data analysis. Certified in React.js, Data Analytics, and Software Engineering Job Simulations.

PROFESSIONAL EXPERIENCE

Bizdata360 Inc, Bangalore, India

Associate Product Engineer

January 2024 – April 2024

- **Enhanced data management workflows** by automating processes with **Python** and integrating with **Google Cloud Tables**, resulting in improved efficiency and reduced manual intervention.
- **Developed and optimized scalable database solutions** using **Cosmos DB**, ensuring real-time data accessibility, enhanced performance, and high system reliability.

Codemind Technology, Pune, India

Jr. Software Engineer

March 2023 – September 2023

- Built an **e-learning platform** using **React.js** for an interactive user experience and **SQL** for structured data management.
- Optimized SQL queries, reducing data retrieval time by **30%** and enhancing performance.

Ux-Prodx, Noida, India

Frontend Developer Intern

March 2022 – July 2022

- Developed a fully responsive **e-commerce website**, ensuring seamless navigation and cross-device compatibility.
- Leveraged modern **CSS frameworks** and **React.js** for dynamic and intuitive UI components.

PROJECTS

- **Spotify Music Clone**
 - Built using **MERN Stack** (MongoDB, Express.js, React.js, Node.js) with **Spotify API** integration.
 - Features include music streaming, user authentication, and playlist management.
 - [GitHub Link: Spotify Clone](#)
- **Zomato Dataset Analysis**
 - Analyzed restaurant datasets using **Python**, **Pandas**, and **NumPy** for visualization and insights.
 - Created interactive charts to identify trends in customer ratings and cuisines.

- **Movie Search API Application**
 - Developed a movie search app with **React.js** and **TMDB API** for real-time search and exploration.
 - Features intuitive navigation with pagination and search filters.
- **Pharmacy Management System**
 - Built with **C#**, **.NET**, and **SQL Server** for inventory and prescription management.
 - Designed for efficient order handling, stock updates, and reporting.

EDUCATION

Qualification	Institution	Year of Passing
B.Sc. (Computer Science)	Vidnyan Mahavidyalaya Sangola	2023
HSC	MIT Junior College, Pandharpur	2018
SSC	Vikas Vidyalaya, Ajanale	2016

TECHNICAL SKILLS

- **Languages/Tools:** Python, JavaScript, C#, .NET, SQL/PostgreSQL, HTML, CSS
- **Libraries & Frameworks:** React.js, Express.js, Node.js, Pandas, NumPy
- **Tools & Platforms:** GitHub, Visual Studio, VS Code, Postman, Cosmos DB, Google Cloud
- **Certifications:** React.js, Data Analysis, Front-End Development

LEADERSHIP & ACTIVITIES

- **Event Coordinator**, University Club | Feb 2023 – Jan 2024
- **Developer Virtual Experience Program**, Forage | Jan 2023 – Mar 2023
- **Data Analysis with Python** - *freeCodeCamp*
- **Skyscanner - Front-End Software Engineering Job Simulation** – *Forage*
- **Cisco - Intro to Software Engineering Job Simulation** – *Forage*
- **Accenture North America - Data Analytics and Visualization** - *Forage*
